DISCUSSION/RATIONALE: In preparation of the HRS package for the Sauget Area One, a determination was made that the previously prepared PA for this site was done at an incorrect address. This confusion arose due to the similarity in names and proximity in location of the various Monsanto Landfills in Sauget.

This memo serves to approve the resubmitted PA dated 10/27/94 and initiate correction of this information in CERCLIS. An IEPA cover letter also serves to explain the correction.

The previous PA, dated 12/26/86, will be kept in the ~~SAUGET~~ folder for historical purposes.
